## Climate Change and Human Health Literature Portal

# Effects of climate and flooding on mold and pollen sensitization

Author(s): Dalan D, Brooks VI, Levetin E

**Year:** 2007

**Journal:** The Journal of Allergy and Clinical Immunology. 119 (1): S187-S187

Source: http://dx.doi.org/10.1016/j.jaci.2006.12.096

### **Resource Description**

#### Communication: M

resource focus on research or methods on how to communicate or frame issues on climate change; surveys of attitudes, knowledge, beliefs about climate change

A focus of content

#### Communication Audience: M

audience to whom the resource is directed

Policymaker

#### Exposure: M

weather or climate related pathway by which climate change affects health

Air Pollution, Ecosystem Changes, Extreme Weather Event, Precipitation, Temperature

Air Pollution: Allergens

**Extreme Weather Event:** Flooding

resource focuses on specific type of geography

Freshwater

Geographic Location: M

resource focuses on specific location

**United States** 

#### Health Impact: M

specification of health effect or disease related to climate change exposure

Respiratory Effect

## Climate Change and Human Health Literature Portal

Respiratory Effect: Upper Respiratory Allergy

Intervention: M

strategy to prepare for or reduce the impact of climate change on health

A focus of content

mitigation or adaptation strategy is a focus of resource

Adaptation

Resource Type: **☑** 

format or standard characteristic of resource

Research Article

Timescale: **™** 

time period studied

Time Scale Unspecified

Vulnerability/Impact Assessment: **☑** 

resource focus on process of identifying, quantifying, and prioritizing vulnerabilities in a system

A focus of content
